VAPING...
YUCK!
SAY NO TO VAPING!

KNOW YOUR STUFF.

Vapes can often be designed to look like everyday objects, making them harder to spot. Some look like USB drives, pens, or even highlighters! Search the image below to find the unique ways that vapes can be hidden. Remember, just because something looks harmless doesn't mean it is. Get to know the facts, and spread the word - **vaping is...yuck!**

HIDDEN IN PLAIN SIGHT

Write the letter V in the circle when you find a hidden vape.

Go to vapingsucks.org to find out all the facts about what really goes on in a vape pen!

Hidden vapes: smart watch, pens, hoodie, highlighter, USB drive

VAPING...
YUCK!
SAY NO TO VAPING!

COLOR ME HEALTHY!

When it comes to vaping, it's important to know exactly what you're putting in your body. The same sort of chemicals that are in cleaning supplies and car exhaust and other gross stuff! Get to know the facts, and spread the word — **vaping is... yuck!**

Color the things that are healthy foods and activities and put an 'X' over the things that can hurt you.

Go to vapingsucks.org to find out all the facts about what really goes on in a vape pen!
